Washington Nursery
Company

TOPPENISH, WASHINGTON

TO OUR CUSTOMERS

When you buy something whose value you can judge by examination you do not think so much about what is back of your purchase. But when you buy something whose real worth you cannot determine except by actual use, then certainly, you want to know from whom you are buying.

Nursery stock is in this latter class. You can see the general appearance of the tops and roots, but you cannot see vitality and genuineness. These essential qualifications are proved only by time. By purchasing from a dependable established company you can be best assured of obtaining vigorous, true to name trees.

For twenty-two years we have been engaged exclusively in the nursery business at Toppenish. Good soil, a long growing season, moisture under control and thorough and continuous cultivation enable us to develop in our trees vigor, quality and unusually good roots. Our seedlings and foundation stocks are grown in our own nursery. Scions and bud-wood is selected from bearing orchards.

Every department of our business is conducted with the utmost care to insure true-blue quality and genuine value in our products. A conscientious endeavor is made not only to deliver to you the best in quality and value—but to make your business relations with us pleasant and courteous. After your purchase is made and your trees are planted, remember that we still have an interest in your success and will welcome any opportunity to be of service to you.

GUARANTEE—Stock is guaranteed to arrive in a live, fresh condition for planting; to be true to name; and free from pest or plant disease. It is obvious that we cannot guarantee that customers will make trees live, as we have no control over conditions surrounding them and the care they will receive after leaving our hands. If by any chance any stock is not received in good condition please advise us at once.

HALF PRICE REPLACE

Stock failing to grow after receiving reasonable care will be replaced at half the regular retail price providing the Nursery is notified by August first following date of delivery.

CRAB APPLES

(Same price as regular apples)

*Hyslop	*Red Siberian	*Whitney
	*Transcendent	

***TWO-YEAR TREES**—Varieties of apples marked with black star can also be supplied in heavy two-year trees at 10c per tree additional to one-year price in any quantity.

— Means sold out for this year.

* Red Stars are varieties of which our stock is especially good this year.

PEARS

	1 to 11 trees per tree	12 to 24 trees per tree	25 to 49 trees per tree	50 to 99 trees per tree	100 to 499 trees per tree
4-6 ft.	\$1.00	\$0.85	\$0.65	\$0.55	\$0.50
3-4 ft.90	.75	.60	.50	.45

Bosc and Winter Nelis 5 cents per tree higher than above prices.

Anjou	★ Duchess d'Angouleme	Old Home
★ Bartlett	★ Flemish Beauty	(on Ussuriensis root)
★ Beurre Bosc	Kieffer	★ Seckel
★ Clapp Favorite	★ Koonce	★ Sheldon
Comice	✓ Mammoth Bartlett	★ Winter Bartlett
Demorest		Winter Nelis

DEMOREST, MAMMOTH BARTLETT AND ★WINTER BARTLETT sell at the following prices:

4-6 ft.	\$1.25	\$1.00	\$0.80	\$0.70	\$0.65
3-4 ft.	1.10	.90	.75	.65	.60

Old Home pear must be top-worked and should be sold for commercial planting only.

★Varieties of pears marked with star can also be supplied in two-year trees at 10c per tree extra.

CHERRIES

	1 to 11 trees per tree	12 to 24 trees per tree	25 to 49 trees per tree	50 to 99 trees per tree	100 to 499 trees per tree
6-8 ft.	\$1.50	\$1.25			
4-6 ft.	\$1.25	\$1.00	\$0.90	\$0.80	\$0.75
3-4 ft.	1.10	.95	.80	.75	.70

Sour varieties are indicated by ★. Sizes are 3½ to 5 ft. and 3 to 4 ft., and sell at same prices as above 4 to 6 ft. and 3 to 4 ft.

★ Bing	★ English Morello	★ Montmorency Large
Black Republican	Governor Wood	★ Ostheim
Black Tartarian	Lambert	★ Royal Ann
Centennial	★ Late Duke	Waterhouse, longstem
★ Early Richmond	★ May Duke	Windsor

NOTE—We offer a limited quantity of extra choice large size cherry trees averaging 6-8-foot in height and ¾-inch caliper in sweet varieties. Sour varieties average 4-5-foot high and ¾-inch caliper. Note special prices quoted above.

Seattle, Wash.—“Just received a letter from each of my two brothers in England and although they are a long way apart they both said the same thing, that they were lovely trees and arrived in splendid condition. And one of them said that the way they were packed was a credit to any nurseryman on earth. If I ever have occasion to talk about trees to my friends at any time I shall certainly recommend the Washington Nursery Company to them.”

PLUMS

	1 to 11 trees per tree	12 to 24 trees per tree	25 to 49 trees per tree	50 to 99 trees per tree	100 to 499 trees per tree
4-6 ft.	\$1.00	\$0.85	\$0.65	\$0.55	\$0.50
3-4 ft.90	.75	.60	.50	.45

Plums on PLUM ROOT 10 cents per tree extra.

MAYNARD—

4-6 ft.	\$1.25	\$1.00	\$0.80	\$0.70	\$0.60
3-4 ft.	1.10	.90	.75	.65	.55
★ Beauty (Peach root)		★ Maynard (Peach root only)			
Bradshaw (Plum root only)		★ Peach (Peach root only)			
★ Burbank (Peach root)		★ Reine Claude (Plum root)			
Climax (Peach root only)		★ Satsuma (Peach root only)			
Damson (Plum root only)		Vacaville (Plum root only)			
Golden Drop (Plum Root)		Wickson (Peach root only)			
Grand Duke (Plum root only)		Yellow Egg (Plum root)			

Varieties only on plum root do not have an affinity for peach roots and are, therefore, propagated only on plum. Other varieties which are on both Plum and Peach roots have been so propagated to afford a choice of root stocks for different soils. Peach roots are used in practically all soils except heavy, clay and wet soils. Plum roots are used for heavy, clay and wet soils.

Trees on PLUM ROOT sell for TEN CENTS PER TREE HIGHER THAN ABOVE PRICES. Trees on Peach root sell at regular prices above indicated.

PRUNES

	1 to 11 trees per tree	12 to 24 trees per tree	25 to 49 trees per tree	50 to 99 trees per tree	100 to 499 trees per tree

ORNAMENTAL SHRUBS

(Height given is the ultimate height the shrub attains and NOT the height delivered)

	Each	Dozen
ALTHEA —In either Red, White, Pink, Purple. 6 to 8 feet. Flowers large, close to branch. Beautiful. Blooms August-September.	\$1.25	\$12.50
ALMOND—Double Pink Beautiful, small shrub. Bears in May, small rose-like flowers, 4 to 5 ft.	1.00	10.00
ALMOND—Double White. Same as above except white flowers.	1.00	10.00
ARROWWOOD —(<i>VIBURNUM DENTATUM</i>) Leaves bright green fading with tones of rich purple and red. Profuse bloomer; flat clusters of white flowers in late spring. Berries blue-black. 8 to 10 ft.85	8.50
★ BARBERRY — JAPANESE (<i>THUNBERGI</i>). Immune from wheat rust; beautiful, small, compact; somewhat thorny; bright red leaves in autumn; red berries all winter; fine for hedge; 3 feet.60	6.00
BOXWOOD — DWARF (<i>Buxus Suffruticosa</i>). Dwarf, compact evergreen shrub, stands shearing well. May be kept trimmed to height of eight to ten inches. Leaves, small, dark green. Excellent where a small, compact shrub is desired. Our Boxwood plants are from a great hedge in the vicinity of Narbeth, Pa., that is estimated to be 100 to 150 years old, and, therefore, may be considered hardy, as the stock plants have withstood without injury the most severe winters experienced in Pennsylvania during that time.....	.60	6.00

SHRUBS—Continued

	Each	Dozen
BUTTERFLY BUSH—Rapid, spreading growth. Flowers are lilac marked with yellow, borne in spikes nearly a foot long, extremely fragrant; blooms August-September; 15 ft.85	8.50
CALYCANTHUS, FLORIDUS—(Sweet-scented Shrub). The wood is fragrant; foliage rich; flowers are of chocolate color, having a peculiarly agreeable odor. Blooms in June and at intervals afterwards. Ultimate height, 4 to 5 feet.	1.00	10.00
* CORALBERRY—Small graceful shrub attaining height of 2 to 4 ft. Leaves bright green and tinged with reddish purple when young. Covered with red berries all summer50	5.00
* COTONEASTER—Peking (Acutifolia). A dense growing shrub with small oval, glossy dark-green leaves. ..	.75	7.50
* CRANBERRYBUSH—European (Viburnum Opulus). Handsome dense foliage; flowers white in May; brilliant scarlet fruit in showy bunches all winter; 8 ft. ...	1.00	10.00
CURRANT—Red flowering. Flowers rosy-red or deep pink. Berries large, glaucous blue. Sell in the State of Washington only.85	8.50
CURRANT—Yellow flowering. Foliage shiny. Flowers yellow tipped with red; borne in small clusters all along the branch. Allspice fragrance. Sell in the State of Washington only75	7.50
* DEUTZIA LEMOINE—Dwarf growing; white flowers; blooms in June; very hardy. 3 to 4 ft.85	8.50
* DEUTZIA—PRIDE OF ROCHESTER. Said to excel others in size of double white flowers; vigorous; 4 to 5 ft.85	8.50
* DEUTZIA—ROSE PANICLE. Flowers double white, tinged rose outside. 6 ft.85	8.50
DEUTZIA—SCABRA CRENATA. Flowers double white, tinged with pink; blooms in June. 6 to 8 ft.85	8.50
* DEUTZIA—SLENDER (GRACILIS). Similar to Lemoine but not so large a grower. 2 to 3 ft.85	8.50
DEUTZIA—WATERER. A new variety with very large double white flowers borne in loose racemes. A rapid grower.85	8.50
DOGWOOD—CORAL (Redtwig). Branches bright red, particularly conspicuous in winter; growth erect. Flowers creamy; berries light blue. 8 to 10 ft.75	7.50
DOGWOOD—GOLDENTWIG. Bush-like habit. Bright yellow branches. 8 ft.75	7.50
EUONYMUS — WINGED (Alatus). Corky winged branches. Leaves bright green with gorgeous tones of red and crimson in autumn. 8 ft.	1.00	10.00
ELDER—GOLDEN LEAVED. The finest golden coloring of all the hardy shrubs, entire foliage remaining bright, beautiful golden color throughout the summer. Ultimate height 6 to 8 feet.85	8.50
ELDER—AMERICAN CUT LEAF (Fernleaf). Deep-cut, dark green foliage and somewhat drooping habit. 5 to 6 ft.	1.00	10.00

* Red stars are varieties of which our stock is especially good this year.

Our two big insulated frost proof packing plants contain 22,600 square feet of floor space, and represent the most complete nursery packing facilities to be found in the West.

HOLLYGRAPE (OREGON GRAPE)—An ornamental, evergreen shrub, with dark, lustrous green, spiny-toothed leaves and yellow flowers in dense clusters, followed by blue or nearly black berries.....	1.00	10.00
HYDRANGEA—PEEGEE (PANICULATA GRANDIFLORA). White flowers in panicles 1 foot long. July-October	1.00	10.00
HYDRANGEA — SNOWHILL (ARBORESCENS). Blooms from June till Autumn frosts; 4 to 5 feet breadth and height.	1.25	12.50
KERRIA—DOUBLE. Flowers clear yellow, similar to a small double rose. Branches long, slender, erect, with bright green bark.	1.00	10.00
LILAC—BELLE DE NANCY. Very large, double, brilliant satiny rose, white toward center.	1.25	12.50
★LILAC—COMMON VIOLET. Free bloomer, very fragrant, 8 ft.75	7.50
LILAC—COMMON WHITE. Same only white bloom..	.75	7.50
LILAC—CHARLES THE TENTH. Reddish purple; single; trusses rather loose. A strong, rapid grower. 6 to 8 ft.	1.25	12.50
LILAC—CHAS. JOLY. Dark purplish red; double. One of the darkest.	1.25	12.50
LILAC — MICHAEL BUCKNER. Dwarf plant; very double; light blue	1.25	12.50
LILAC—MARIE LE GRAYE. Creamy white flowers of immense size.	1.25	12.50
LILAC—MADAM LUDWIG SPAETH. Single, large, long panicles, flowers purplish-red; finest of its color...	1.25	12.50
★LILAC—PERSIAN. Medium size, small leaves, bright purple flowers.	1.00	10.00
LILAC—PRESIDENT GREVY. A beautiful blue; individual flowers very double and very large. The panicle is magnificent and measures 11 inches in length and 5 inches across.	1.25	12.50

SHRUBS—Continued

	Each	Dozen
LILAC—SENATOR VOLLAND. Double flowers. Rosy red.	1.25	12.50
MAPLE—VINE. Small tree or large shrub, 15 to 20 ft. high, with very fine fall coloring of bright orange and scarlet. 5-6 ft.85	8.50
6-7 ft.	1.00	10.00
*MOCKORANGE—SWEET (PHILADELPHUS CORONARIUS). White, sweet scented flowers; bloom in June. 10 ft.85	8.50
MOCKORANGE—GOLDEN. Medium size; golden yellow foliage; very pretty. 3 to 4 ft.85	8.50
*MOCKORANGE—GORDON. A large shrub with spreading branches. Produces its white flowers in great racemes later than most other varieties. 8 to 10 ft.85	8.50
MOCKORANGE — BIG SCENTLESS (GRANDIFLORA). Very showy flowers, white and large. 10 ft.85	8.50
MOCKORANGE—LEMOINE. Upright growth; small yellowish white, fragrant flowers, completely covering bush; May and June. 4 to 5 ft.85	8.50
MOCKORANGE — MONT BLANC. Large panicles, enormous flowers with round petals of pure white.85	8.50
MOCKORANGE—VIRGINAL. Vigorous and tall; flowers in dense clusters, large and double; pure white.85	8.50
MOCKORANGE—ZEYHER. Similar to Sweet Mockorange, but not quite so tall.85	8.50
NANNYBERRY—(VIBURNUM LENTAGO). Foliage light glossy green; flowers creamy white and fragrant. Fruit black. Grows 20 to 30 feet high.85	8.50
PHILADELPHUS—(Same as Mockorange.)		
QUINCE—FLOWERING (CYDONIA JAPONICA). Large brilliant blossoms, blooms early spring. Growth straggling but can be pruned to desired shape. 6 to 8 ft.	1.00	10.00
SNOWBALL—COMMON. Large size, pure white flowers, blooms in May. 8 ft.	1.25	12.50
SNOWBALL — JAPANESE. Most valuable of hardy shrubs, erect, compact; 6 to 8 ft. Blooms in June.	1.50	15.00
SNOWBERRY—COMMON. A popular hardy shrub, of medium size and bush form; leaves oval and smooth; small pink flowers in summer followed by large, waxy white berries in autumn, persisting into midwinter. 6 ft.50	5.00
SPIREA—ANTHONY WATERER. Dwarf grower, 24 in.; fine for edging; flowers magenta red, turning pink; blooms June to October.75	7.50
SPIREA—COLLOSA ALBA. Same as Anthony Waterer, except flowers are white.75	7.50
SPIREA—COLLOSA RUBRA. Similar to Anthony Waterer but deep red, and slightly larger.85	8.50
SPIREA—BRIDAL WREATH (PRUNIFOLIA). Very beautiful; flowers like white daisies.85	8.50
SPIREA—FROEBEL. Crimson flowers in flat panicles. Medium to dwarf in size. Excellent for shrub groups.85	8.50
SPIREA—GARLAND (ARGUTA). Free bloomer and showy shrub. Flowers small and pure white in early spring. 4 to 5 ft.85	8.50
SPIREA—GOLDEN. White flowers. Blooms in June. 2 to 3 ft.85	8.50
SPIREA—PINK MEADOW. (LATIFOLIA). Spikes of feathery rose-colored flowers in June and July. 4-5 ft.85	8.50

SHRUBS—Continued

	Each	Dozen
SPIREA — THUNBERG. Small white flowers; blooms early spring; rounded, dwarf bush; branches somewhat drooping; 4 to 5 ft.85	8.50
★SPIREA—VAN HOUTTE. One of the best shrubs; does well any location; very ornamental; dense clusters white flowers; fine single or in group or hedge; blooms early May; 5 to 6 ft.85	8.50
SUMAC—STAGHORN. Foliage turns brilliant red and scarlet in autumn. Grows to 20 ft. high.	1.00	10.00
SUMMERSWEET—(CLETHRA ALNIFOLIA). Sturdy and compact. Leaves dark green and lustrous. Flowers creamy white, fragrant, in erect racemes, 3 to 5 ft.85	8.50
SYRINGA—GARLAND. (Same as Sweet Mockorange.)		
★TAMARIX HISPIDA. Very beautiful shrub or small tree; feathery green foliage; pink bloom, solid mass of color in June. Erect and shapely growth. Fine in sandy soil. Ultimate height 12 to 15 ft.	1.00	10.00
VIBURNUM—KENTUCKY (MOLLE). Similar to Arrowwood, but a more vigorous grower.	1.00	10.00
WEIGELA—EVA RATHKE. Carmine blooms in great profusion, June. 3 to 4 ft.	1.25	12.50
WEIGELA—PINK (ROSEA). Elegant shrub; rose colored leaves; hardy, May. 5 to 6 ft.	1.25	12.50
WEIGELA—VARIGATED. Leaves bordered yellowish white, pink flowers, June. 3 to 4 ft.	1.25	12.50
YUCCA—COMMON (FILAMENTOSA). A hardy evergreen plant with long, narrow leaves that are bright green the whole year. The flowers are creamy, bell-shaped produced in long spikes 3 to 4 ft. high. Fine stately lawn plant easy to make grow and does well in any climate.	1.25	12.50

HEDGE PLANTS

★ BOXWOOD—DWARF (BUXUS SUFFRUTICOSA). Fine for borders, edgings, etc. Hardy evergreen variety—	12	25	50	100
6 to 8 inch.	\$6.00	\$11.00	\$21.00	\$40.00
★ BARBERRY—JAPANESE (THUNBERG). For untrimmed hedge—	25	50	100	500
8 to 10 inch.	\$5.00	\$8.00	\$15.00	\$68.00
BARBERRY, BOX—				
(Dwarf)	\$7.00	\$11.00	\$20.00	\$90.00
PRIVET—EUROPEAN (COMMON) AND CALIFORNIA—	25	50	100	500
12 to 18 inch.	\$5.00	\$8.00	\$15.00	\$68.00
18 to 24 inch.	6.00	9.50	18.00	82.50
PRIVET—AMUR (AMOR RIVER NORTH). Exceedingly hardy—	25	50	100	500
12 to 18 inch.	\$6.00	\$9.50	\$18.00	\$82.50
18 to 24 inch.	7.00	11.00	20.00	90.00

NOTE—In planting hedges, the various varieties of Privet should be planted 6 inches apart if set in a single straight row, or 12 inches apart if set in a double row and plants set "staggered" in the rows. Barberry can be set 12 to 18 inches apart for hedge purposes. Dwarf Box may be planted 6 inches apart.

What Our Customers Say—

Calistoga, California—

"The trees arrived in the most perfect condition possible and they certainly are beauties, every one of them, both in regard to size and the root system, and are far superior to any trees I have ever planted."

Dee, Oregon—

"My trees, purchased from you, are sure good—none better. A few pears on them this year."

Cornelius, Oregon—

"I am very well pleased with the trees; they are as good nursery stock as I ever bought. I perhaps will send for more before the planting season is over."

Palo Alto, California—

"You sold us the most satisfactory berry plants we have obtained. They are far more vigorous than other stock purchased from other nurseries."

L. Marsh, Dist. Horticultural Inspector—

"Allow me to congratulate you people on the splendid quality of your stock delivered here; also all that I have observed in transit."

Loon Lake, Washington—

"The trees in Mr. Bradbury's orchard are all Washington Nursery Company trees. He took seven prizes at the Colville Fair this year on his fruit, four first, two second, and one third. He thinks it is due to the superior quality of the Washington Nursery Company's trees, and I quite agree with him."

Trinidad, Washington—

"I received the order of trees today and wish to thank you for the kind of stock you sent out. They are surely everything you said they were, and as good trees as I have ever seen. If I need any more trees next season will surely place my order with you."

Veradale, Washington—

"Three years ago I ordered 500 Bartlett's from your nursery and was very much pleased with them. I ordered some \$90 worth from you again since then and had no loss. I can cite my five acres of pears to anyone with pride—and I give much credit to your stock."

Home Beautifying as an Investment

A few dollars invested now in trees and shrubs will be returned to you four-fold. As a conservative estimate your property will increase in value to that extent if properly planted.

Think of the real joy, the increasing pride of ownership that trees and shrubs will bring you each season—added beauty, greater comfort, higher property value. Buildings have to be kept in repair; plants don't—they improve in appearance and value each season.

The line of ornamental trees and shrubs we offer is large and complete. All stock is hardy field grown—vigorous and robust with plenty of good roots, which means quick, satisfactory results.

Use Our Landscape Department

Our Landscape Department, in charge of trained experts, will gladly help plan your planting and recommend the right shrubs to use. This Department has planned small and large homes, school and other public grounds, and large city parks throughout the Northwest. We are conversant with western conditions and the plant materials best suited to the requirements.

Let us help you make your home a beautiful home. Write us.
